

# IRRADIATION COMMENT FORM

attention FDA: keep irradiation labeling!

Re: Docket # 98N 1038,  
"Irradiation in the  
Production, Processing,  
and Handling of Food"

4682 '99 JUN 22 P1:46

believe the FDA should keep its requirements to prominently label irradiated packaged foods and non-packaged foods by always displaying the radura logo along with the words "treated with irradiation." I feel alternative terms such as "cold pasteurization" are misleading and should never be used.

TREATED WITH IRRADIATION

THE FDA (WAS) PERCEIVED AS AN AGENCY THAT LOOKING OUT FOR PEOPLE. WHY NOT BELIEVE THAT AGAIN? IT'S TOTALLY WRONG TO REMOVE LABELING. IT'S BAD ENOUGH YOU'RE IRRADIATING. AT LEAST GIVE PEOPLE A CHANCE TO KNOW IT SO THEY MAY AVOID IT + PROTECT THEIR HEALTH!
